Date

Name

Semester/Year of Student Teaching:     Fall 20\_\_\_\_     Spring 20\_\_\_\_

Program

- Early Childhood    Elementary Education    Special Education: LBSI
- Art    Biology    Chemistry    Earth and Space Science    Environmental Science
- English    French    German    History    Mathematics    Physics    Spanish

Due to my confirmed Student Teaching placement in a non-CPS school, I have chosen to forgo completing the CPS Registration Process for Student Teaching at this time. I understand that by choosing this option, there could be a delay in my student teaching should anything fall through in my current placement and I need to be placed in a CPS school. I understand that by not completing the CPS Registration Process, I cannot be placed in a CPS school which could seriously compromise my ability to student teach in my desired semester.

I also understand that I am responsible for completing all necessary legal and district requirements and paperwork for the non-CPS district in which I am placed, including background checks and any necessary medical testing.

I accept full responsibility for my choice in this process and have discussed my choice with my program coordinator.
